How to buy

Visit us online. Browse the many products and features, then order online or locate an authorized dealer without ever leaving your desk. **www.hp.com/go/smbstore**

Order by phone. A customer care representative will gladly answer any product questions and guide you through the process. Call toll-free: 1-866-545-0293.

Contact your reseller. You can use this guide to order with your authorized reseller. If you haven't yet established a relationship with one, call 1-866-545-0293 for a sales contact near you.

Buy direct with reseller support. HP's referral program lets you request your authorized reseller's agent code. Then you can use the code to buy direct from HP for small or infrequent orders and still enjoy your authorized reseller's professional support for questions and maintenance.

HP Public Sector. For HP Public Sector sales information, please call 1-800-727-2472.

Get more value from HP

And really get somewhere

HP helps you get more from technology—from the start and over time. You'll have easier connections to the expertise you need. Easier access to reliable products and solutions. And easier ways to own and use technology. Unhampered by technology complexity, you'll have the time and energy to keep your business humming. With HP, you get more, so you can do more every day.

Get more know-how, now

HP helps you make the right technology choices with easier connections to experienced and knowledgeable resources.

- Live **HP expertise**. Whether you have product questions before you buy or technical questions after, the answers are just a phone call or mouse click away. See the **HP Resource Directory** on the back cover of this guide for a list of HP telephone and web resources.
- **HP expertise centers**. Need help choosing solutions for your business or solving business problems? Access a variety of online tools, Live Chat capabilities, consultative services (phone or in-person) and educational resources. HP's Printing and Imaging Expertise Center points you in the right direction at **www.hp.com/go/expertise**.

Get more reliability, to do the job right

Backed by two decades of experience, innovation, and research and development, the products in this guide offer HP's legendary performance and reliability.

- **World-class, affordable products**. From color and black-and-white printers and all-in-one products to digital cameras and projectors to handheld devices and DVD writers, HP has the depth of selection you need to get the right products for your unique needs. Use this guide to help you narrow the choices, then browse the many additional products and features you'll find online at **www.hp.com/go/smb**.
- **Wide array of solutions and technologies**. Whatever your business, HP technologies can help increase your productivity, lower costs and reduce risks. And HP solutions are designed to integrate easily and securely with your existing IT investments, so you can focus on the profit-making activities that move your business forward. For details, visit **www.hp.com/go/solution**.

Get more support, the smart way

HP helps you stay on top of your technology investment with a portfolio of service and support offerings that provide fast resolution should a problem ever occur.

- **HP Care Pack services**. Make the most of your equipment investments with these easy-to-buy, easy-to-use packages that minimize printer downtime. Contact your HP reseller partner, or visit **www.hp.com/hps/carepack/print** for details.
- **eSupport**. These easy-to-use web-based capabilities speed problem resolution, which translates into faster service and lower support costs. Visit the support and driver center online at **www.hp.com/go/printersupport** for details.

Buy Now ▪ To order or locate an authorized HP partner, call 1-866-545-0293 or visit **www.hp.com/go/smbstore**.

4AA1-5674ENUC.qxd 1/2/08 3:35 PM Page 5

Get more information resources, for a smart buy

HP makes it easier for you to evaluate, acquire, manage and retire the HP solutions that support your business.

- **Help me choose a printer**. Use this online tool to find the model that best matches your usage needs or your feature specifications. Go to **www.hp.com/go/choose**.
- **Printer replacement finder**. Select the models you currently own from this online list and you'll get the latest recommendations on replacement models that are just right for you. Go to **www.hp.com/smb/productreplacement**.
- **Self-assessment**. See how you can increase productivity and save operational costs. Check out our free Self-assessment tool at **www.hp.com/go/assessment**.
- **Upgrade for instant savings and return on investment**. Buy a new HP printer and you may save enough in power, consumables and support to pay for your upgrade, including operational costs. Visit **www.hp.com/go/InstantROI** to see how potential cost savings are calculated.
- **Hot deals and other special offers**. Save more on your technology purchases with specials from HP, including limited-time instant savings special offers on selected products. Visit **www.hp.com/go/specials**.
- **HP Smart Finance programs**. This suite of lifecycle financial programs can be tailored for your business needs. Visit **www.hp.com/go/hpfinancialservices**.
- **HP Trade-In program**. Trade any product, any brand and get paid the fair market value for your aging technology. To learn more, visit **www.hp.com/go/tradein**.

With HP, you'll have more time to get more done, so you can really get somewhere: ahead.

Award-winning performance from HP

Value. Performance. Versatility. HP offers all of this and more in its award-winning product line. It's this commitment to overall excellence that has always driven and defined HP. And it's this same commitment that has continually earned us awards throughout the industry. Like our renowned line of printers, winners of *PC Magazine* Readers' Choice Award for service and reliability for 14 years in a row. Of course, HP also makes it easy to own and use our award-winning line of products. With HP, you get more, so you can do more.

Put affordable HP color to work for you

The question for most businesses today is not whether to incorporate color, but when and how. Research shows that printing with color:

- Increases comprehension by up to 73%[1]
- Raises readership by up to 40%[2]
- Accelerates learning by up to 78%[3]

When you add color to the functionality of your office printers, you can make big gains in effectiveness with relatively small increases in purchase and operating costs.

How much could your business save on marketing?

Printing in-house with HP color could help your business:

- Control marketing costs
- Take advantage of timely opportunities
- Decrease waste and storage by updating and printing only what you need
- Personalize materials for sophisticated one-on-one marketing

Use the free print-cost calculator to see how much money you could save by using in-house color printing, or get help creating your own marketing materials. Visit **www.hp.com/go/DoItYourself2**.

An HP All-in-One multitasks, just like you.

An All-in-One from HP is perfect for a small office or personal use. Most All-in-Ones combine color printing, scanning, faxing and copying into one compact design. They cost less than several standalone devices, take up less space and use less energy than separate units. They're also simple to install and connect to your PC or Mac, making them easy for anyone to set up.

HP Digital Presses

HP Indigo Press 3500
New entry level HP digital press extends high end digital printing for quality short-run production, quick turnaround that rivals offset printing.

HP Indigo Press w3250
Highest productivity web-fed digital press solution combines the quality and speed of offset with the intelligence of digital printing for longer job runs.

HP Indigo Press 5500
Most advanced digital solution with offset look and feel and true photo quality designed for the commercial printers, direct-mail house or volume photo production.

HP Indigo Press s2000
Digital offset color press for specialty printers—full color graphics on plastic in a single pass.

HP Indigo Press ws2000
Web-fed digital offset color press prints on pressure sensitive and unsupported papers, films and foils.

Specifications					
Print speed[1]	4,000 four-color letter-size images-per-hour (two-up); 8,000 single-color letter-size images-per-hour (two-up)	8,000 duplex (16,000 numerical) one- and two-color or 4,000 duplex; (8,000 numerical) four-color 8.5 × 11 in letter-size images-per-hour (two-up)	4,000 four-color letter-size images-per-hour (two-up); 8,000 two-color 8.5 x 11 in images per hour (two-up); 16,000 monochrome (1/0) letter-sized images-per-hour (two-up)	In four color process: 1000 12 × 18 in sheets or up to 204 MSI/hr	In four color process: up to 1500 linear ft or 204 MSI/hr

HP Scanjet 5590

Two-sided scanning with automatic document feeder and transparent materials adapter for scanning 35 mm slides.

HP Scanjet N6010

Increase productivity with fast, unattended document scanning at up to 18 ppm (36 ipm).

HP Scanjet 7650

Fast scans at up to 12 ppm unattended; two-sided scanning with automatic document feeder.

HP Scanjet 7650n

Scan directly to e-mail or a network location—no PC required.

HP Scanjet 7800

Easily scan up to 50 ipm (25 ppm) using a small, powerful and programmable document scanner.

HP Scanjet N7710

Quickly scan up to 35 ppm (70 ipm) using a robust solution and manage documents or integrate into existing systems.

Cut the cables—go wireless.
HP wireless print servers are an easy and cost-effective way for multiple users to share a printer. They can help home users or small businesses conveniently share a broad range of HP peripherals on a network. They offer easy installation, configuration and management of HP peripherals for simple connectivity.

HP Digital Sending Software 4.0

Software that enables paper documents to be digitized.

Specifications	
Functionality	Authentication, send to shared network folder/printer/ftp site
Compatibility	Authentication, send to LANfax/internet fax, and send to folder only
Networking	10/100Base-T, 10Base-2, 10/100Base-TX, Token Ring 4/16
Host requirements	Windows NT 4.0/2000/XP
Available package options	1, 5, 10, 50, 250 device licenses
Network protocol	TCP/IP
Warranty. Std	90 day limited, with unlimited phone support
Estimated U.S. street price[3]	1 license $399 5 licenses $1,699 10 licenses $3,199 50 licenses $5,499 250 licenses $14,999

Capella Technologies MegaTrack Job Accounting

Monitor, track, and report all printer and copier related actions and costs.

Specifications	
Overview	Software to optimize device usage and associated costs. Helps determine asset utilization and deployment, effectively reducing IT training, support, and driver management time.
MegaTrack Modules	The MegaTrack Print Server (MPS) tracks all printed jobs and sends this information to the database. It must always be installed on a Windows print server. The MegaTrack Database Server (MDS) manages the database where the information collected by the MPS is stored. The MegaTrack Web Server (MWS) manages the MegaTrack Web site, which is used as interface by the application.
Hardware	MegaTrack supports any printer brands and models setup on the Windows print servers. Information detected by MegaTrack may vary.
Drivers	PCL 3 to PCL 5e, PCL XL/6, PostScript® Level 3
Port Monitors	All standard TCP/IP and LPR monitors
Estimated U.S. street price	Contact your HP Sales Representative for ordering information

HP Output Server 3.5

Output management software provides reliable document delivery to multiple destinations across the enterprise.

Specifications	
Supported server platforms	HP-UX 11.11: 64-bit kernel; HP-US 11.23: 64-bit kernel on PA RISC and Itanium; IBM AIX 5.2, 5.3: 64-bit kernel; Sun Solaris 9, 10: 64-bit kernel; Microsoft Windows Server 2003, Standard Edition and Enterprise Edition: 32-bit; Microsoft Windows Server 2003 R2, Standard Edition and Enterprise Edition: 32-bit; Red Hat Enterprise Linux ES 4.0 and AS 4.0: 32-bit kernel on x86; Red Hat Enterprise Linux ES 4.0 and AS 4.0: 64-bit kernel on x64; SUSE Linux Enterprise Server 9: 32-bit kernel on x86 and 64-bit kernel on x64; SUSE Linux Enterprise Server 10: 64-bit kernel on x64
Supported client interfaces	HP-UX 11.11; 64-bit kernel, HP-UX 11.23; 64-bit kernel on PA-RISC and Itanium, IBM AIX 5.2, 5.3; 64-bit kernel, Sun Solaris 9, 10; 64-bit kernel, Red Hat Enterprise Linux ES 4.0; 32- and 64-bit kernel version 2.6, SUSE Linux by Novell Enterprise Server 9 SP 2; 32- and 64-bit; Microsoft® Windows 2000 Pro and Windows Server 2003 SE (command line interface)
Supported destination types	Printers: PS, PCL, ASCII text, AFP, LPD; fax; e-mail; Web; FTP; wireless device
Networking	Printing only to networked HP and non-HP devices using supported destination types
Estimated U.S. street price	HP Output Server 3.5 (T2358AA): For more information, visit www.hp.com/go/outputmanagement or call (800) 407-9701

HP Universal Print Driver 4.5

Use a single driver for instant access to virtually any HP printer or MFP—at home, in the office or on the road.

Specifications	
Overview	New Plug-and-Play capability means HP devices are supported whether connected to the network or via USB. Simplified "Dynamic Mode" UI helps users print wherever they are and printing shortcuts set preferred printer settings for common tasks. When you are creating a printer path in HP Web Jetadmin, the HP Universal Print Driver is the default driver.
Compatibility	Supports Microsoft Windows Vista, 2000, XP, XP Professional x64, and 2003 Server (32/64 bit); Microsoft Windows Terminal Services and Citrix Presentation Server Environments
Size	18 MB
Estimated U.S. street price	J7981AA and J7980AA: Free download at www.hp.com/go/universalprintdriver

HP Web Jetadmin 10.0

With HP Web Jetadmin 10.0, new ease of use features allows one to easily install, configure and management one's printer fleet.

Specifications	
NOS support	Server requirements: Windows XP Professional, Server 2003, Vista Business Edition and Enterprise Edition; client requirements: Windows 2000 Pro (service pack 4), XP Pro (service pack 2), Server 2003, Vista Business Edition and Enterprise Edition
Supported web browsers	Client requirements: Microsoft Internet Explorer 6.0 or above
Protocols supported	TCP/IP
Peripherals supported	HP Web Jetadmin supports HP and non-HP printers connected through HP Jetdirect print servers and standard printer MIBcompliant third-party network connected printers. The capabilities available for thirdparty printers will vary from basic to more robust.
System requirements	Server requirements: 1.0 GHz minimum (2.4GHz recommended), 1 GB minimum; client requirements: 2.4G (1GHz minimum), 1G (512M minimum)
Estimated U.S. street price	J6052AA: Free by downloading from www.hp.com/go/webjetadmin
Related products	
Accessories	Report Generation Plug-in J7946AA Web

HP Web Jetadmin PC Printer Discovery Plug-in 2.0

Helps IT collect inventory data about locally connected printers.

Specifications	
Compatibility	HP Web Jetadmin 8.1 with .NET installed on the HP Web Jetadmin server
OS requirements	Microsoft Windows 2000 Professional, Server and Advanced Server, and Microsoft Windows XP Professional with service pack 1 or greater
System requirements	.NET Framework installed on the Web Jetadmin server; HP Web Jetadmin 8.1; administrator rights on the client PCs
Discoverable clients	Microsoft Windows 98SE, Microsoft Windows XP, Microsoft Windows 2000
Discoverable printers	Select HP and non-HP, USB- and parallel-connected printers that support "Plug and Play"
Estimated U.S. street price	J7962AA: Free download at www.hp.com/go/webjetadmin/pcdiscovery

HP Supplies

There's no question—HP supplies drive the technology of HP printing. HP printers, print cartridges and paper are designed as a single printing system, precisely engineered for exceptional print quality, rock-solid reliability and fast, efficient operation—page after page.

Not all supplies are created equal. The crisp, vibrant printing by HP inkjet printers is the result of engineering advancements from the world's leading inventor of ink. And every HP LaserJet cartridge is specially designed and custom engineered to work flawlessly with HP LaserJet printers for clear, sharp output for the life of the cartridge. Every HP print cartridge goes through rigorous testing to ensure you get the quality HP printing you expect.

The only way to get HP-quality printing is to use genuine HP supplies. Consider the long-term value of your purchase decisions and count on genuine HP inks, toner and printing materials for unsurpassed reliability.

All of the HP supplies featured in this guide offer the assurance of HP quality and reliability, as well as complete compatibility with HP peripherals. The tables that follow make it easy to choose the right HP supply, whatever your needs.

HP SureSupply

HP SureSupply is a free, easy-to-use tool for smarter, simpler online print supply ordering. To learn more, visit **www.hp.com/go/SureSupply** for a demonstration of how it can work for you. And never run out of ink or toner again.

HP Trade-In Program

Trade any product, any brand

The HP Trade-In Program is a simple, seamless way for HP customers to upgrade to HP products and get paid the current fair market value for their aging technology. Spanning every product category, the program has the added benefit of eliminating the hassles (and in most cases, the costs!) of old technology disposal by simplifying the shipping process.

Trade products in any of these categories:

- Desktops
- Notebooks
- PC servers
- Monitors
- Printers
- Plotters
- Copiers
- Digital cameras
- PDAs
- Projectors
- Networking
- Storage products
- Tablet PCs
- Workstations
- Servers

Additional features

Promotions–Beyond the ongoing program, we also offer enhanced, time-sensitive promotions as further incentive to upgrade to HP technology. Please visit **www.hp.com/go/tradeinpromos**.

Custom quote process–Because the HP Trade-In Program allows you to trade any quantity, we have created a custom quote process to help manage the trade-in process for our large corporate customers whose needs include quantities in excess of 50 units and extended rollouts that may span multiple locations. Learn more at **www.hp.com/go/customtradein**.

Business partner friendly

HP business partners can also leverage the program to help their customers upgrade to new HP products. To learn more about this option, look for us in the programs section at: **www.hp.com/partners/us**.

HP Exchange/Sale Program: the Trade-In Program for public sector[1]

Created specifically for federal, state, local or educational organizations that can't accept back-end rebates, this new program enables you to take advantage of market trade-in values while reducing the cost of new HP products. An alternative to the traditional Excess/Surplus methodology, the HP Exchange/Sale Program captures the highest fair market value available on trade-in and is entirely in compliance with the General Service Administration's (GSA) Federal Property Management regulations.

Learn more about the HP Trade-In Program on the web at: **www.hp.com/go/tradein** or call us at 1-888-593-3835.

Get more information about the HP Exchange/ Sale Program at: **www.hp.com/go/exchangesale** or call us at 1-877-766-3050 ext. 366.

[1] Program not applicable in Canada.

Donate

A new option for donating used IT assets.

- Online tool gives instant tax deduction value quotes
- Donated products are placed with deserving recipients
- Certain products categories apply

This program is made possible through a partnership with the National Cristina Foundation.

Learn more at **www.hp.tradeups.com/hpdonations.asp**

4AA1-5674ENUC.qxd 1/2/08 3:36 PM Page 43

What's in a name?

To help make it easier for customers to select the HP product that best suits their needs, HP is changing its naming and model numbering system for imaging and printing products.

Taking a descriptive and straightforward approach to naming, the HP naming architecture follows a basic hierarchy that begins with the master brand, followed by a sub-brand or family name, model number, modifier and descriptor.

The model number

HP imaging and printing products now include one or two lead alphas in the model number. Although some lead alphas are abbreviations of product categories, most lead alphas have simply been assigned to a particular product category and sub-brand. The assigned numerals represent functionality, while trailing alphas in the model number indicate product features not found in the base model.

Examples:

- HP Deskjet F3180 Color All-in-One
- HP LaserJet M4025 Multifunction

Master Brand	Sub-brand	Model Number	Modifier	Descriptor
HP	Deskjet	F3180	Color	All-in-One
HP	LaserJet	M4025		Multifunction

HP IPG—Trailing alphas

How to buy

Visit us online

Browse the many products and features, then order online or locate an authorized dealer without ever leaving your desk. **www.hp.com/go/smbstore**

Order by phone

A customer care representative will gladly answer any product questions and guide you through the process. Call toll-free: 1-866-545-0293

Contact your reseller

You can use this guide to order with your authorized reseller. If you haven't yet established a relationship with one, call 1-866-545-0293 for a sales contact near you.

Buy direct with reseller support

HP's referral program lets you request your authorized reseller's agent code. Then you can use the code to buy direct from HP for small or infrequent orders and still enjoy your authorized reseller's professional support for questions and maintenance.

HP Public Sector

For HP public sector sales information, please call 1-800-727-2472.

[1] Print speeds are approximate; exact speeds will vary depending on system configuration, software program and document complexity.

[2] Maximum dpi that can be scanned is limited by available computer memory, disk space and other systems factors.

[3] Actual prices may vary. Contact your authorized HP reseller for the most current pricing information.

[4] Approximate page yield based on 5% coverage.

[5] Average cartridge yield. Declared yield value in accordance with ISO/IEC 19752.

[6] Technology enhancements in the HP LaserJet 9040mfp and HP LaserJet 9050mfp provide higher cartridge yields with the HP LaserJet C8543X Black Print Cartridge. Approximate cartridge yield: 38,000 standard pages. Declared yield value in accordance with ISO/IEC 19752.

[7] Approximate page yield based on 6% coverage.

[8] Speed comparisons in default and fastest mode based upon HP internal testing of comparable consumer photo printing products available as of April 2005.

[9] Based on 15% coverage on 8.5" × 11" paper; dependent on printer used.

[10] 4" × 6" photos; dependent on printer used.

[11] Value Pack contains ink cartridge, printhead and printhead cleaner.

[12] 2' × 3' prints on HP glossy media with 30% ink coverage in maximum quality mode.

[13] 2' × 3' prints on HP coated glossy paper with 30% ink coverage in productivity mode.
